

## 2020 Parent Handbook

City of Chicago, Mayor Lori E. Lightfoot  
Chicago Park District Board of Commissioners  
Chicago Park District, Michael P. Kelly, General Superintendent & CEO

# CHICAGO PARK DISTRICT

## Day Camp Information Sheet for Parents/Care Givers

Welcome to the Chicago Park District Summer 2020 Summer Camp! Please take time to review the following guidelines and discuss the policies with your child.

The Chicago Park District is committed to providing Chicago's youth the opportunity to "Play On" this summer through our day camp program. While the 2020 camps will be different, the focus of offering a safe space for children to be healthy, active, make new friends and create lifelong memories remains the same. The safety of all campers is a priority. Camps will run in accordance with state and city guidelines, limiting the number of campers we can safely program for at each park.

This document applies to all summer programs from July 6<sup>th</sup>, 2020 to August 28<sup>th</sup>, 2020.

### Summer Camp Philosophy

Our goal is to provide fun, safe and appropriate activities for children, whether your child is a first time camper or a veteran.

### Camp Staff

On-site supervision is the responsibility of the Camp Director at each location. All camp staff complete an extensive training program, which includes safety and awareness, activity development and group management techniques.

### Participant Information

You must notify the Park District in writing, of any medical condition, disability or other situation requiring special consideration by Park District staff; this information should also be listed in your Chicago Park District online account. We want to make your child's camp experience successful and satisfying and we will make every effort to accommodate your situation. Confidentiality and all HIPPA laws are respected at all times.

### COVID-19 and Camp

The Chicago Park District 2020 Summer Camps will be operated in accordance with the City of Chicago Phase IV Be Safe Summer Programs guidelines as well as all other applicable guidance from the Centers for Disease Control and Prevention (CDC), Illinois Department of Public Health (IDPH), and Chicago Department of Public Health (CDPH).

### "POD" or Group Sizes

In accordance with the City's Summer Program guidelines, the Park District will operate camp with campers in small groups, or "Pods".

- Group(s) or "Pod(s)" will be limited to no more than 10 individuals
- Staff to camper ratio will be 1:9
- Multiple Pods may utilize the same facility as long as 30 feet of distance can be maintained between Pods
- Pod members will become stable cohorts that will remain together for the duration of camp without intermingling with other Pods and without new members being added.

### Social Distancing

In accordance with the City's health guidelines for Summer Camp, social interactions between all participants will be minimized. A distance of 6 feet will be maintained by the participants where possible; however, individuals within the same Pod may interact within 6 feet of distance in some circumstances, provided all participants are wearing a proper face covering. A distance of 30 feet will be maintained between pods.

## **Face Coverings/Masks**

All campers and staff will be required to wear face coverings that cover both their nose and mouth at all times. Campers will need to bring their own face coverings that may be comfortably worn throughout the day. A limited number of additional face coverings will be available for campers and staff should their face coverings get lost or damaged.

## **Hygiene Requirements**

The Park District will follow the CDC, IDPH, and CDPH hygiene guidance to promote a healthy environment for staff and campers. Campers and staff will be required to wash their hands with soap and water or use hand sanitizer regularly.

## **COVID-19 Safety Captain**

The Park District has implemented a Safety Captain program to promote the health and safety of those who use our parks. At each park the Park Supervisor is designated as "Safety Captain" and they have been trained in all proper safety protocols. Any COVID-19 inquiries should be directed to them.

## **Daily Drop Off/Pick Up**

Each camp location has been advised to modify their drop off and pick up procedures. One of the following options will be utilized at your camp location, and modified based on the facility and the need of the community. The follow options include: Curbside, Outdoor and Indoor (inclement weather plan).

## **Self-Screening Checklist**

Staff and campers are encouraged to self-monitor for symptoms of COVID-19 and stay home if they feel sick. Staff and campers should also stay home if they have been in close contact with someone who has been diagnosed with COVID-19 within the past 14 days.

Prior to entering the facility all staff, patrons and campers will be asked to Self-Screen (parents are responsible for self-screening child(ren) by asking themselves the following questions each day:

- Have you had a body temperature over 100 degrees Fahrenheit or have you used a fever reducer in the previous 24 hours to treat a body temperature over 100 degrees Fahrenheit?
- Do you have a new cough that you cannot attribute to another health condition?
- Do you have a new or worsening sore throat that you cannot attribute to another health condition?
- Do you have a new shortness of breath that you cannot attribute to another health condition?
- Have you recently developed a complete loss of smell or taste?

## **Illness-COVID-19 Specific**

In the event that it has been reported that a confirmed case of COVID-19 park staff will do the following, immediately:

1. Staff will call Risk Management and document
2. Parent will be notified
3. Child will be separated from pod and taken to the park "Isolation Zone"
4. Area where child was will be cleaned and disinfected

## **Cleaning/Disinfecting**

All summer camp locations will have appropriate and increased cleaning and disinfecting plans in place, to ensure the utmost safety of each staff and camper. Cleaning and disinfecting plans have been created with guidance from the Center for Disease Control (CDC): Suggestions for Youth and Summer Camps (listed in resources).

## **What to Bring to Camp**

It is not recommended that campers bring any items from home. However, some of the traditional items will be permitted: backpack, change of clothes (if needed), disposable water bottle (water fountains will not be accessible), sunscreen. All items will be confined to one location within the facility or within the designated start space for your child's pod.

## **Snack/Lunches**

All campers will have access to a free snack and lunch for the duration of camp. Lunches from home are not recommended, however in the event that a child must bring a lunch they will need to keep lunch in an assigned bin, and not remove until it is time to eat. Only the child should handle their lunch.

## **Field Trips**

Due to COVID-19 we will not be taking camps on any field trips.

## **Swimming**

Due to COVID-19 campers will not be allowed to swim in pools or at beaches.

## **Medical/Emergency Policies**

The Chicago Park District strives to provide a safe and healthy environment for your child/children. In the event of an emergency, the staff will adhere to the following procedures:

1. Park staff will call 911 for medical professionals to handle all serious accidents/episodes/illnesses.
2. A call will be made to you to inform you of the situation. If a parent is not available, the staff will call the first and second emergency contacts listed in the online account information. Be sure those are the primary numbers to be called.

## **Medication**

The Chicago Park District always attempts to make any special accommodations to help children have a successful and enjoyable camp experience. If medication administration is required, please inform the Supervisor in advance. The Supervisor will fill out and distribute to parent /guardian to fill out the appropriate forms. The Medical Manager will review the medication requirement. This will be on a case-by-case basis. If necessary, or requested a meeting with parent/ guardian will be available/required. This is not a guarantee of medication administration.

## **Severe Allergies**

Anaphylaxis is a potentially life-threatening medical condition occurring in allergic individuals after exposure to their specific allergens. If the parent/care giver requests that the Chicago Park District administer emergency treatment to a child during certain emergencies such as an anaphylactic reaction (including the administration of epinephrine or "Epi Pen"), the parent/care giver must request and complete a "Release of Waiver and Liability For Administering Emergency Treatment To Child With Severe Allergies." See Park Supervisor for Anaphylaxis Policy, Acknowledgement of Receipt, and Release of Waiver and Liability forms. All Medical devices and equipment must arrive and leave with child Park does not store/hold medicine overnight.

## **Public Health Concerns**

Contagious diseases, is any illness which may be transmitted from one person to another, and will be dealt with quickly to prevent their spreading among the general population. The most common conditions observed among children are:

- Ringworm (Tinea): small worm-like lesions just beneath the skin which spread outwardly
- Head lice (Pediculosis): itchy scalp, most commonly found in hair and base of the neck
- Pink Eye (Conjunctivitis): red coloring of the eye, slight swelling and fluid discharge

Also of concern are:

- Mononucleosis
- Hepatitis

- Meningitis
- Mumps

If a member of the Chicago Park District staff suspects that a child may have a communicable disease, the child's parent/care giver will be contacted. The child must be picked up immediately and cannot return to camp until a doctor's statement is presented. The Park District will only notify the parents of other children enrolled in the program. Please know, the name(s) of any child (ren) in these cases will remain confidential. If you, the parent/care giver suspects that your child has one of the above communicable diseases, please refrain from bringing them to camp and alert the Park Supervisor or Day Camp Director.

### **Release Authorization**

For the safety of your child, the following attendance procedures have been established for all Chicago Park District day campers. Your cooperation in helping us fulfill these procedures is greatly appreciated. When you pick up your child, go to the park's designated pick-up spot, sign the roll sheet and write down the time. The staff will not dismiss a child without a parent or authorized person signing the child out for the day. When entering your Chicago Park District online account information, or when registering in-person, you may check the appropriate box if you wish for your child to leave the grounds at dismissal time unescorted.

Only those persons authorized that are listed, including parents' names, in the account creation section in your Chicago Park District online account, may pick up your child. **We will not release any child to an unauthorized person for any reason.** Please remember to update your online account preferences as necessary through-out the summer or to revise your account information with our staff at the park if you registered in-person.

Please follow these steps to confirm/update the information on file for your child:

- From the home page ([chicagoparkdistrict.com](http://chicagoparkdistrict.com)) click on Programs, then Registration Information, then Login to your Account
- enter your email and password and Submit
- From Account Options page, choose Answer/Edit Account Questions within Personal Information section - Questions are divided by Family Member, then by occasion, the question was asked. "Account Creation
- Questions" for each family member must have the most up-to-date information; any other sections may be ignored. - To modify a question's answer, click on the question. Provide the answer on the subsequent page and click Submit. You will be returned to the Customer Questions page. To confirm a family member's phone number, email address or emergency contact information:
- From Account Options page, choose Change Information about Family members within Personal Information section
- Update necessary information, click Save
- Address and Date of Birth changes must be made in person at a park, with supporting documentation.

If you need assistance updating your preferences, you may also visit our web site for directions by typing in the URL <http://www.chicagoparkdistrict.com/programs/registration-check-list/>

Children will not be released to anyone who is visibly incompetent or intoxicated. In such a case, the designated emergency person will be contacted. If a special, one-day circumstance requires someone not listed in the account to pick up your child, a note may be sent PRIOR to dismissal with that person's name and details.

### **Late Fee**

Any parent or authorized person who arrives after dismissal time to pick up a child will be charged a late fee of \$5 after every 15 minutes the parent is late. Prompt payment is required and due by the following morning before your child will be admitted back into camp. A receipt will be issued for all late pick-ups. If a late pick-up becomes an on-going problem, more than twice per week, or a total of five times throughout the summer program, the child will be dropped from the program with no refund of fees.

### **Refund Policy**

No refunds will be issued for cancellations, rather CPD accounts will be credited with the 15% service charge deducted. Exceptions will be made on a case by case basis.

## Illness

If your child is ill or has a fever/vomiting/diarrhea, please do not send him/her to camp. Children attending camp must be well enough to participate in all scheduled activities. If for any reason your child will be absent from camp, you must notify us by phone or note. If your child falls ill, they will be isolated and you will be called to pick them up. If there is no answer, every number on the emergency contact list will be exhausted in order to pick up child. A doctor's note is required to return to camp.

## Absences

If your child is to be absent from day camp for an extended period or if you wish to have your child dismissed early from day camp, you must send a note to the Camp Director listing the days and times, as well as a phone number where the supervisor can reach you. If a camper leaves the camp without permission, a meeting will be scheduled with the parent or caregiver to discuss the matter. If a camper leaves the park repeatedly, he or she may be dropped from the program with **no refund of fee**.

## Camper Expectations

\*All campers are expected to wear a face covering at all times and adhere to social distancing.

The purpose of discipline is to help a child develop self-control and learn to assume responsibility for his or her own actions. Ultimately, rules help create a fun, safe camp environment. We use positive statements and reinforcement to redirect negative behavior. For continued negative behavior, a "time-out" period may be initiated. Consequences will be administered for one or more of the following:

1. A child disturbing or hurting others, verbally or physically.
2. A child damaging equipment or property.
3. A child placing himself/herself or others in a dangerous situation.

In the event that your child is misbehaving, the staff will escort the child away from the situation and discuss the matter with the child. Under no circumstances will corporal punishment be used. A child has continued misconduct will be handled as follows:

- 1. First Notice:** Continued inappropriate behavior will be discussed with the parent/care giver or a written notice will be forwarded to the parent/care giver(s) to request a meeting with them to discuss the matter. Parental failure to respond may result in indefinite suspension of the camper.
- 2. Second Notice:** If a second written notice or meeting is needed due to continual inappropriate behavior by the child, it may result in a 3 – 5 day suspension from the camp.
- 3. Third Notice:** Your child may be dropped from the program after a third notice of inappropriate behavior is documented.

If a child physically or verbally abuses a staff person, the child's parent(s) will be called immediately and the child will be terminated from the program. Failure to follow the code of conduct may result in your child being dropped from the program.

All participants and parents are expected to exhibit appropriate behavior at all times while participating, spectating, or attending any program or activity sponsored by the Chicago Park District.

## Cell Phone Policy/Social Media

For the safety of all campers, no cell phones are permitted in Chicago Park District day camps. If the camper is getting to/from camp alone and park staff is alerted to the exception, phones can be brought to camp, turned off during camp hours, and only used at the completion of each day. **Cell phones being used by campers during camp hours will be confiscated by the park staff** and only returned at the end of day camp.

To that end, taking photos of fellow campers is not permitted. While it may seem fun and harmless, this policy of the Chicago Park District is to specifically prevent photos being posted via social media without the consent of the campers/parents/care givers.

### **Camper Attire**

It is important that your child is dressed appropriately for camp activities. Comfortable, cool clothes suitable for multiple activities are a necessity. All camp participants should wear gym shoes daily. Open toe shoes are not allowed. We request that you do not send your child to camp wearing any valuable clothing. Grass stains and paint spills are not always avoidable during the action-packed day. Please be advised that we cannot replace or be responsible for personal property. A portion of the children's camp time is spent outdoors. For this reason, we ask that parents apply sunscreen to their child before their arrival at camp. Campers are also encouraged to bring labeled sunscreen and a water bottle to camp each day.

### **Day Camp Survey**

We want your feedback! In a continuous effort to make the Chicago Park District day camp program the best it can be, we want to get feedback about the camp experience from both parents and campers. The online day camp surveys will be available on [www.chicagoparkdistrict.com](http://www.chicagoparkdistrict.com) just prior to the end of camp. If you prefer hard copies, some will be available at the parks during the last week of camp. Thanks in advance for your time and your input!

### **Upcoming Program Registration**

This fall the Chicago Park District will offer a variety of programs to stay active. Please stay tuned for details!

### **Resources**

We encourage residents to continue to check the Chicago Park District, Chicago Department of Public Health and Centers for Disease Control websites for the most up-to-date information and guidance.

### **[Be Safe Chicago: Be Safe. Summer Programs](#) [Guidance for Administrators in Parks and Recreational Facilities](#)**

### **Stay Informed**

We want to keep you up-to-date on all the great things happening in the parks. Please stay in contact with us through the following ways.

- Our website: [www.chicagoparkdistrict.com](http://www.chicagoparkdistrict.com)
- Monthly email newsletter – sign up on our website
- Stay Connected. Facebook | Twitter | Instagram | @chicagoparks
- Park District channel: visit us on You Tube [www.youtube.com/ChicagoParkDistrict](http://www.youtube.com/ChicagoParkDistrict)
- 312.742.7529 or 312.747.2001 (TTY)

### **Thank You for Choosing the Chicago Park District**

We are here to serve you and your child. We have planned what we feel is an outstanding summer program. However, we do need your assistance to make sure that your child gets the most out of the session. Please encourage your child to take part in all activities. If at any time a special circumstance arises that needs attention, contact the Camp Director and/or the Park Supervisor.

**Have a safe and fun summer!**
