Written notice of denial, conditional approval or issuance of permit shall be served on the applicant by electronic mail to the electronic mail address set forth on the application for permit.

d. Contents of Notice; Grounds for Denial.

Notice of denial of an application for permit shall clearly set forth the grounds upon which the permit was denied and, where feasible, shall contain a proposal by the Park District for measures by which the applicant may cure any defects in the application for permit or otherwise procure a permit. Where an application or permit has been denied because a fully executed prior application for the same time and place has been received, and a permit has been or will be granted to the prior applicant authorizing uses or activities which do not reasonably permit multiple occupancy of the particular area, the Park District shall propose an alternative place, if available for the same time, or an alternative time, if available for the same place. To the extent permitted by law, The Park District may deny an application for permit if the applicant or the person on whose behalf the application for permit was made has on prior occasions made material misrepresentations regarding the nature or scope of an event or activity previously permitted or has violated the terms of prior permits issued to or on behalf of the applicant. The Park District may also deny an application for permit on any of the following grounds:

- (1) the application for permit (including any required attachments and submissions) is not fully completed and executed;
- (2) the applicant has not tendered the required application fee with the application or has not tendered the required user fee, indemnification agreement, insurance certificate, or security deposit within the times prescribed by the General Superintendent;
- (3) the application for permit contains a material falsehood or misrepresentation;
- (4) the applicant is legally incompetent to contract or to sue and be sued;

paid in full for such damage, or has other outstanding and unpaid debts to the Park District;

- (6) a fully executed prior application for permit for the same time and place has been received, and a permit has been or will be granted to a prior applicant authorizing uses or activities which do not reasonably permit multiple occupancy of the particular park or part hereof;
- (7) the use or activity intended by the applicant would conflict with previously planned programs organized and conducted by the Park District and previously scheduled for the same time and place;
- (8) the proposed use or activity is prohibited by or inconsistent with the classifications and uses of the park or part thereof designated pursuant to this chapter, Section C.1., above;
- (9) the use or activity intended by the applicant would present an unreasonable danger to the health or safety of the applicant, or other users of the park, of Park District Employees or of the public;
- (10) the applicant has not complied or cannot comply with applicable licensure requirements, ordinances or regulations of the Park District concerning the sale or offering for sale of any goods or services;
- (11) the use or activity intended by the applicant is prohibited by law, by this Code and ordinances of the Park District, or by the regulations of the General Superintendent; or

e. Amendment or Revision of Applications.

Any amendment or revision of an application or permit shall for purposes of determining the priority of the application for permit, and for the purpose of time in which the Park District shall grant or deny the application for permit and serve notice of such granting or denial shall be computed from the date of the amendment or revision.⁴²

C. 6. Procedures for Review; Waivers⁴³

- (2) The General Superintendent shall have seven days from the date on which the appeal was received in which to serve upon the applicant a notice that he/she has affirmed, modified or reversed the denial or retention of security deposit;
- (3) Such notice shall be deemed served upon the applicant or permittee when it is sent by electronic mail to the electronic mail address set forth on the application for permit;⁴⁵
- (4) If such notice is not served upon the applicant or permittee within seven (7) business days of the date upon which the appeal was filed, then the denial or retention of security deposit shall be deemed reversed.⁴⁶

b. Form of Appeals.

Any appeals filed pursuant to this ordinance shall state succinctly the grounds upon which it is asserted that the determination should be modified or reversed and shall be accompanied by copies of the application for permit, the written notice of the determination of the Park District, and any other papers material to the determination.

c. Waiver of Requirements.⁴⁷

Any requirements for a user fee, security deposits, or certificate of insurance shall be waived by the General Counsel, if the activity is protected by the First Amendment of the United States Constitution and the requirement would be so financially burdensome that it would preclude the applicant from using Park District property for the proposed activity. Fees for equipment and services shall not be waived pursuant to this subsection. Application for a waiver of a user fee, security deposit, or certificate of insurance shall be made on a form prescribed by the General Counsel and must include an affidavit by the applicant and sufficient financial information about the applicant to enable the General Counsel to determine whether the requirement(s) would be so financially burdensome that it would preclude the applicant from using Park District property for the proposed activity. If it appears that the applicant does not have sufficient funds to satisfy the user fee requirement prior to the proposed event, but that the applicant intends

If no written denial is issued within fourteen (14) business days of the date on which the application for such waiver is fully completed, executed and filed with the General Counsel, the waiver request shall be deemed approved, contingent upon the applicant complying with all other permit requirements. Denials of requests for such waivers shall be subject to the appeal procedures contained in Section 6.a, above.⁴⁸

C. 7. Fines⁴⁹

The violation by a permittee of the terms of his/her permit or the laws and regulations of the Park District shall subject the permittee to a civil fine of up to \$500. Each day that a violation continues shall be deemed a separate violation. Such fines may be assessed against any security deposit held by the Park District on behalf of the permittee, pursuant to this chapter, Section C.4.d., above. Any assessment of fines in excess of any security deposit shall be subject to the procedures contained in Section B.18., above.

C. 8. Severability⁵⁰

If any provision of this ordinance or the application thereof to any person or circumstance be held invalid, the remainder of this ordinance and the application of such provision to other persons or circumstances shall not be affected thereby. Any Employee who violates this ordinance is subject to disciplinary action according to approved disciplinary procedures. Such fines are appealable as provided in the following provisions.

D. 4. Appeals

a. Actions Appealable.

Section E. - Naming and Renaming of Parks and Park Features⁵²

E. 1. Naming and Renaming of Parks and Park Features; Generally

Requests to name or rename parks and features within parks (including buildings and facilities within parks) may be submitted to the General Superintendent or his/her designee by members of the public, public officials, governmental entities or Park District staff. Upon receipt, such requests shall be forwarded to the Secretary and designated Park District staff who shall conduct a review and analysis of the request to ascertain if it meets the criteria. Upon finding that the criteria has been met a recommendation may be made to the Board that it shall initiate a notice period of at least forty-five (45) days to provide notice and to solicit public input. Upon Board approval, the Secretary shall post a notice initiating the forty-five (45) day period. Such notices shall be posted at the subject parks fieldhouse (or if there is no fieldhouse in that park, at the nearest fieldhouse) and shall also be sent to advisory councils of parks located within a one (1) mile radius. Such notice periods may be waived by the written direction of the

⁵² Added 7-9-1997

Chicago Park District Code – Chapter 7

General Superintendent. At the conclusion of the notice period, the General Superintendent or his/her designee may in his/her discretion recommend to the Board that it approve the requested naming or renaming. In deciding whether to recommend a proposed naming or renaming to the Board, the General Superintendent or his/her designee shall consider the criteria set forth below in subsection (2), but shall have no obligation to recommend all proposed naming or renaming that satisfy such criteria. A proposed naming or renaming of a park or feature within a park shall be effective only upon a majority vote of the Board.

E. 2. Criteria for Naming of Parks and Park Features

In considering a proposed name of a park or park feature, the General Superintendent or his/her designee shall consider the extent of public support for, and public opposition to, the proposed name. There shall be a general presumption in favor of names reflecting historical or physical features of neighborhoods, rather than names honoring persons or organizations. If a proposed name is of a person, then (i) the person shall have been deceased for at least one year prior to consideration; and (ii) the person shall have demonstrated a continued commitment and made an extraordinary contribution to civic betterment, locally, nationally or internationally. If the proposed name is of an organization, the organization shall have demonstrated a continued commitment and made an extraordinary contribution to civic betterment, locally, nationally, or internationally. If the proposed name is of an event, then (i) the event shall have occurred at least one year prior to consideration; and (ii) the event shall have local, national or international significance. No proposed park or park feature name shall (i) duplicate the name of another park or park feature within the City of Chicago; (ii) endorse or advocate religion or a specific religious belief; (iii) have obscene connotations; or (iv) malevolently portray, demean or intimidate any racial or ethnic group. Exceptions to the above criteria shall be made only upon a finding of an extraordinary circumstance by the General Superintendent.

E. 3. Criteria for Renaming of Parks and Park Features

In considering a proposed change of name for a previously named park or park feature, the General Superintendent or his/her designee shall consider the criteria listed in Section E.2. above for the Naming of Parks and Park Features. In addition, for parks or features within parks that are either named for a specific person or that have a known history attached to their name, the General Superintendent or his/her designee may consider alternative means of recognition to the proposed name change and there shall be a presumption in favor of retaining the existing name. Exceptions to the above criteria shall be made only upon a finding of an extraordinary circumstance by the General Superintendent.

E. 4. Rules and Procedure

Chicago Park District Code – Chapter 7

The General Superintendent shall have the authority to promulgate rules and written procedures to implement the procedure for naming and renaming parks and features within parks.
