

AT HOME IN HUMBOLDT

Curated by Dalina A. Perdomo Álvarez and Raul Benitez, this collection of archival, found and home movie footage showcases the Humboldt Park that is home to so many Chicagoans. From the 1970s to the summer of 2019, this program will explore the neighborhood and highlight the people, places, and events that have shaped Humboldt Park through the years.

Dalina Perdomo Álvarez was born and raised in Puerto Rico and received a BA from the University of Puerto Rico - Mayagüez and an MA in Film Studies from the University of Iowa. She works at Video Data Bank and is the current Curatorial Fellow for Diversity in the Arts at the Museum of Contemporary Photography.

HUMBOLDT HOME MOVIE NIGHT

The Chicago Film Society presents an evening of 16mm* home movies curated by you. Bring in your 16mm Home Movies and see them projected on the big screen. CFS staff will be on hand to inspect your films before projection.

*If you have 8mm or Super 8 home movies, we won't be able to project them tonight, but look out for Home Movie Day in October, presented with Chicago Film Archives.

Raul Benitez is the lead film programmer for Full Spectrum Features, Comfort Film at Comfort Station Logan Square and also programs at The Nightingale Cinema. In 2015 and 2017, Raul was named as one of Chicago's Screen Gems by New City.

Footage and films for this curated collection were generously provided by Media Burn, the Chicago Film Archives and the Humboldt Park community.

Chicago Film Archives

Humboldt Home Movies is made possible by the Chicago Film Society.
